

Moonlight in the City is an annual fundraiser earmarked to support programs at Lutheran Hospital.

Held Oct. 23 within The Silver Grille at the Higbee Building in downtown Cleveland, this nostalgic event is hosted by Community West Foundation and Lutheran Hospital.

It offers a trip to yesteryear and the elegance of Cleveland's glory days while also ensuring a brighter future for the patients and programs of a vital community hospital.

Over 250 guests enjoyed the various appointments of elegance that made The Silver Grille special, from its wood overlay elevator lobby to the fluted columns of the dining room. Add to that the special flavor of a continuing cause that underscores the commitment of all the guests, and it makes for a gourmet recipe of community caring!

Leading the charge is Dr. Ted Castele, Chair Emeritus Community West Foundation, a long standing veteran of the Lutheran Hospital mis-

sion. Celebrating Lutheran Hospital's commitment to neighborhood and healthcare excellence were Dr. David Perse, President Lutheran Hospital, and Dr. David Bronson, President and CEO Cleveland Clinic Regional Hospitals.

Indeed, the implications of the timeless need for community care were everywhere as community leaders joined in the common cause of benefitting Lutheran Hospital at Moonlight in the City!

Dr. David Perse, President, Lutheran Hospital, Dr. Kathleen Franco and her husband Dr. David Bronson, President and CEO Cleveland Clinic Regional Hospitals.
